

# C2210™

## Trouble hearing on the phone? Now hear clearly!

The Clarity Professional® C2210™, featuring Digital Clarity Power™ version 3.0 technology, provides intelligent amplification to make soft sounds audible while keeping loud, sudden sounds bearable. With up to 50 decibels of amplification, the C2210™ is an ideal solution for those with a moderate-to-severe hearing loss.

- **DCP™ 3.0 technology:**
  - Multiband Compression
  - Acoustic Echo Cancellation
  - Noise Reduction
- **Amplifies incoming sounds up to 50 dB (maximum of 118 dB SPL)**
- **Two (2) tone settings to customize your listening experience**
- **Call Waiting Caller ID with 50 name and number history**
- **Built-in alarm clock**
- **Optional Bed Shaker and Lamp Flasher accessories available**

Imagine the ability to make only the sounds you wanted to hear louder, clearer and easier to understand.

**Standard Amplified Telephones**

**Telephones with Digital Clarity Power™**

Now you can.

The Clarity Professional® C2210™ uses patented Digital Clarity Power™ technology to recognize and amplify conversations. Not only does Digital Clarity Power technology dampen noise and sudden sounds, it actually recognizes the human voice and focuses on making your conversation easier to hear and understand.

Discover the joy of once again being able to communicate with ease. Hear friends, family and business associates clearly, with Clarity Professional and Digital Clarity Power.
