

ENTRY-LEVEL UC HEADSET

WIRELESS COMMUNICATION STARTS HERE!

SIMPLE. PROFESSIONAL. AFFORDABLE.

Jabra PRO™ 930 is a professional entry-level wireless headset designed for Unified Communications and PC-based telephony such as Skype. The robust Jabra PRO™ 930 offers all the essential features of a wireless headset in a simple design at an attractive price point.

GREATER PRODUCTIVITY AND COMFORT

Jabra PRO™ 930 frees users from their desk, enabling them to find documents and multi-task with maximum efficiency while on a call. Apart from being able to walk and talk up to 120 metres away from their desk, users will also benefit from enhanced ergonomics.

TRUE JABRA QUALITY SOUND

Jabra PRO™ 930 offers crystal clear wideband audio for softphone calls, conference calls, live presentations and other multimedia applications. Quality enhancing features such as Jabra SafeTone™ protects hearing by cutting off loud noises and securing safe average sound levels. The noise-cancelling microphone blocks out unwanted background noise from the office.

EASY TO DEPLOY. EASY TO USE.

Jabra PRO™ 930 is certified and optimised for all leading Unified Communication platforms. Simply connect the headset to the computer and it is ready to use. The simple and intuitive call-control buttons make it easy to control calls from the headset.

1. Crystal clear wideband sound and safe sound levels
2. Soft, comfortable ear cushions
3. Noise-cancelling microphone
4. Dedicated button to answer/end calls
5. Separate buttons to mute call or turn volume up or down
6. Adjustable headband for a perfect fit
7. Hear incoming calls with built-in ringer on base unit
8. LED display with Battery, Mute and Audio link indicators
9. Plug-and-play USB connectivity

GN Netcom is a world leader in innovative headset solutions. GN Netcom develops, manufactures and markets its products under the Jabra brand name.

FEATURES & BENEFITS

FEATURE	BENEFIT
USB connectivity	Plug-and-play USB connectivity for PC
DECT wireless technology	Voice dedicated transmission prevents interference from e.g. WIFI
Up to 120m office range	Increases productivity and comfort. Multitask with maximum efficiency and control your call from anywhere in the office
Talk time up to 6h in wideband sound mode and up to 8h in narrowband sound mode	Talk all day. No need to charge headset during working hours
Call-control buttons on headset: - Answer/end call - Volume - Mute	Separate call-control button ensures intuitive call handling
Wideband audio quality - Frequency range up to 6,800 Hz	Superior call clarity. Reduces the need to ask people to repeat themselves
Auto sleep-mode function	Saves power when the PC is turned off or in stand-by mode
Noise-cancelling microphone	Enhances call clarity by eliminating background noise from the office
Digital Signal Processing technology	Hear and be heard more clearly with digitally enhanced speech
Built-in ringer on base	Ensures users can hear incoming calls in offices with silent PC policy
Headset weight: 27g	Lightweight headset for all-day-comfort
Selectable range settings	Adjust range settings to accommodate for density issues
Minimal energy consumption with Jabra IntelliPower system	Headset adjusts power consumption automatically and base unit is optimised for low power consumption. This saves energy and reduces CO ₂ emissions
Standby time 36h	Reduces need to charge headset
Fast charge battery	The headset is fully charged in less than 3 hours. 50% charging in 50 minutes. 20% charging in 20 minutes
Battery status indicator	The battery icon lets users know if the battery is charging and when battery power is low
Mono headset with 3 wearing styles: - Headband - Earhook (accessory) - Neckband (accessory)	Users can choose the wearing style that suits them the best
Additional settings and software upgrade with www.jabra.com/PCSuite	Users can adjust the product for specific user needs and ensure future compatibility
Security: encryption between headset and base	Secure conversation. No one can listen in
Jabra SafeTone™ technologies	Compliant with noise-at-work legislation**: Protects your hearing by cutting off sound spikes and sudden loud noises (PeakStop™ protection) and securing safe average sound levels throughout the day (IntelliTone™)
Optimised for all leading UC platforms	Full functionality with the latest generation of softphones
Remote call-control	Answer, end or mute a call from the headset. Download free drivers from www.jabra.com/pcsuite to ensure call-control functionality
Dedicated variants for Microsoft® Lync™ 2010 and Microsoft® Office Communicator	Simply connect the headset to the computer and it is ready for use
.	
Europe: two-year warranty	With GN Netcom's 2-year warranty, users will enjoy worry-free ownership

* Range varies according to the environment in which the headset is used

** "Upper exposure action value" in EU directive 2003/10/EC.
