

SINGLE-LINE BUSINESS SPEAKERPHONE WITH CID DISPLAY

B150D The B150D takes all the functionality and ease-of-use of the B120, and adds a razor-sharp 3-line, back-lit display for all your Caller ID and directory functions. The 100-name memory and phone book both allow easy storage of caller information for later reference. A 5-number redial buffer gives easy access to recent calls, and a call duration readout helps cut toll costs. An elegant addition to any office.
