

# MX300

## Retractable Mobile Headset

### Enjoy hassle-free mobility in a convenient, wearable design

Experience superior comfort, quality sound, and a retractable cord all in a wearable design with the MX300 Retractable Mobile Headset from Plantronics. Designed to provide crisp, clear sound even in windy environments, this headset has the added convenience of a compact design that keeps the cord neatly stowed when not in use.

- **Quality Sound in Windy Environments**  
With patent-pending WindSmart™ technology, the MX300 eliminates the whistles and static often associated with windy environments, delivering optimal voice transmission.
- **Hassle-Free Mobility, Tangle-Free Convenience**  
Featuring an automatic retractable cord winder for easy use and storage, the MX300 is easy to put on and take off. It allows the cord to easily extend whenever you need to use the headset and store compactly when not in use. Plus the wearable design easily attaches to clothing, bags and seatbelts.
- **Superior, Stable Comfort**  
The unique FlexGrip® design keeps your earpiece in place comfortably and securely, even during extended use.
- **Plantronics Compatibility**  
The MX300 is available in models to fit today's most popular mobile phones, including phones with a standard 2.5mm headset jack. Convenient one-touch call answer/end button is quick and simple to use. One-touch call answer/end and voice activated dialing\* for most popular Nokia® phones ( MX303 models).

\*Voice-activated dialing must be supported by your phone or service.

Limited edition colors available.  
See [www.plantronics.com](http://www.plantronics.com) for latest selection.
