SAFETY INSTRUCTIONS

WARNING:

This product is not a toy. Never allow children to play with the product – small parts may be a choking hazard.

Use of a headset that covers both ears will impair your ability to hear other sounds. Use of such a headset while operating a motor vehicle or riding a bicycle may create a serious hazard to you and/ or others, and is illegal in most states and regions. Check local laws regarding use of a mobile phone and headset while driving. If you use the headset while driving ensure your attention and focus remains on driving safely.

Exposure to high volume sound levels may damage your hearing. Although there is no single volume setting that is appropriate for everyone, you should always use your headset or headphones with the volume set at moderate levels and avoid prolonged exposure to high volume sound levels. The louder the volume, the less time is

required before your hearing could be affected. You may experience different sound levels when using your headset or headphones with different devices. The device you use and its settings affect the level of sound you hear. If you experience hearing discomfort, you should stop listening to the device through your headset or headphones. To protect your hearing, some hearing experts suggest that you:

1. Limit the amount of time you use headsets or headphones at high volume.
2. Avoid turning up the volume to block out noisy surroundings.
3. Turn the volume down if the sound from the headset or headphones prevents you from hearing people speaking near you. See www.plantronics.com/healthandsafety for more information on headsets and hearing.

This product might contain a battery.

To avoid the risk of explosion, fire or leakage of toxic chemicals, please observe the following warnings:

- Do not dispose of the product or battery in a fire. The battery cells may explode.
- Do not open or mutilate the battery. There may be corrosive materials which can cause damage to eyes or skin and may be toxic if swallowed.
- Always store batteries where children cannot reach them.

- If your product has a replaceable battery, use only the battery type supplied by Plantronics. Observe the correct polarity when installing the battery. Remove the battery if it will not be used for an extended period; remove a spent battery promptly.
- Do not allow any battery or its holder to contact metal objects such as keys or coins.
- If you experience a skin irritation after using this product, discontinue use and contact Plantronics.

Recycling: Your product and batteries must be recycled or disposed of properly. Contact your local recycling center for information on proper disposal.++ disposal.

FCC Requirements Part 15

Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

REGULATORY NOTICES

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the radio or television off and on, the user is encouraged to try to correct interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on another circuit.
4. Consult the dealer or an experienced radio/TV technician for help.

Exposure To Radio Frequency Radiation

This device and its antenna must not be collocated or operated in conjunction with any other antenna or transmitter. To comply with FCC RF exposure requirements, only use supplied antenna. Any unauthorized modification to the antenna or device could void the user's authority to operate this device.

LIMITED WARRANTY

This warranty covers defects in materials and workmanship of products manufactured, sold or certified by Plantronics which were purchased and used in the United States.

The warranty lasts for one year from the date of purchase of the products.

This warranty extends to you only if you are the end user with the original purchase receipt.

We will at our option, repair or replace the products that do not conform to the warranty.

We may use functionally equivalent reconditioned/refurbished/remanufactured/pre-owned or new products or parts.

To obtain service in the U.S., contact Plantronics at (800) 544-4660.

THIS IS PLANTRONICS' COMPLETE WARRANTY FOR THE PRODUCTS.

This warranty gives you specific legal rights, and you may also have other rights that vary from state to state. Please contact your dealer or our service center for the full details of our limited warranty, including times not covered by this limited warranty.
